

Konftel 300Mx 4G

Wherever. In Any Way.

The Konftel 300Mx 4G is the world's only mobile conference phone. Insert the SIM card and start your meeting immediately, with no fuss or cables. Wherever you have mobile phone coverage. However you want, thanks to the unit's versatility and support for PC-based collaboration.

You enjoy better sound quality than from a landline. The Konftel 300Mx 4G is based on our OmniSound® audio technology and supports HD Voice on the mobile network. With natural, crystal-clear sound, the nuances of the call come across and the dialogue can flow smoothly. Connecting expansion microphones enables up to 20 people to be heard with superb clarity.

Konftel's mobile conference telephone is perfect if your company has chosen a fully mobile communications solution or if you need to supplement fixed devices. The battery provides up to 30 hours of talk time and charges when the Konftel 300Mx 4G is placed on the supplied charging cradle.

OmniSound®

- Meeting size: Up to 20 people
- Mobile 4G/3G/2G
- Hybrid: combine meeting app with phone calls
- Battery gives 30 hours of call time
- OmniSound® with HD audio
- Expandable with additional microphones
- Supports HD Voice on mobile network
- Support for Konftel Unite adapter
- Recording on memory card
- Two-year warranty

PERFECT FOR COLLABORATION

A USB port makes the Konftel 300Mx 4G ready for all the apps and services we use to communicate and collaborate via computers – such as Skype, Microsoft Teams, Cisco Webex, Avaya Equinox, Unify Circuit and Google Hangouts. Don't compromise on audio quality when your teamwork goes "live" in an online meeting.

YOU'RE IN CONTROL

Via the optional Konftel Unite adapter, you can connect up the app to manage the conference phone effortlessly. With our One Touch Conferencing, one touch really is all it takes to start or join a meeting. Use your personal contact book and control the phone's functions from the Konftel Unite app during the meeting.
