Streamlined Design Uncompromising Sound

D 10 USB ML

SENNHEISER
The Pursuit of Perfect Sound

Note: Neckband available as accessory

D 10 USB ML

Made for office professionals using Skype for Business, the Sennheiser D 10 USB ML is a single-sided wireless DECT headset which works plug & play with Skype for Business. Designed for all-day use, its streamlined design makes no compromises when it comes to exceptional sound and brings the freedom of a wireless solution within reach of even more everyday users.

Sound leadership

Sennheiser Voice Clarity delivers wideband sound for a natural listening experience, while a noise-cancelling microphone gives perfect speech transmission. Digital Signal Processing (DSP) gives a clearer sound with echo cancelling and audio equalization.

Quality design

With plug and play Skype for Business compatibility, the D 10 USB ML has a streamlined design featuring built-in cable management, magnetic charge interface for secure placement and status indicators to show available talk time.

User focus

The D 10 USB ML has a built-in ringer and is Skype for Business certified for maximum productivity. With a range of up to 55 m (180 ft) in a typical office environment, it provides a full workday of talk time with fast charging of up to 50% in just 20 minutes. DECT spectrum wireless connectivity does not interfere with nearby WIFI devices and gives a cleaner, more stable sound. Use up to 4 headsets per conference call from the same base station and take advantage of convenient hot desking. Easy one-touch call management control on the go and ActiveGard® technology provides protection against acoustic injury. Its lightweight headset offers 3 types of wearing styles with choice of headband, ear hook or neckband* for the perfect customized fit.

Features and Benefits:

- Skype for Business certified – for maximum productivity
- Sennheiser Voice Clarity – wideband sound for natural listening experiences
- Single connectivity – connects directly to your Skype for Business
- Noise-cancelling microphone – for perfect speech transmission
