Dual 4K Universal Laptop Docking Station - USB-C / USB 3.0 - 60W PD

Product ID: DK30C2DPPD

This universal laptop docking station is the ultimate solution for office environments and networked ecosystems where the type of laptops in use are in transition from older USB 3.0 to the new USB-C and Thunderbolt 3 technology, and a single dock solution is required to meet the needs of all. Connect to dual DisplayPort or HDMI monitors; attach USB devices with four USB 3.0 Type A ports and power your USB-C laptop with 60W Power Delivery.

The Universal Dock Experience

This truly universal USB-C and USB 3.0 docking station is compatible with any laptop, regardless of brand or operating system, that is USB-C (Thunderbolt 3 included) or USB 3.0 (USB-A connection).
For the IT professional, the pain of supporting multiple docking stations between new technology and legacy laptops is removed, providing a convenient one-dock solution.

Flexible Monitor Connections

The dual-4K docking station connects your laptop to Ultra HD DisplayPort or HDMI monitors:

- 2x 4K DisplayPort up to 4096 x 2160p @ 60Hz
- 2x 4K HDMI up to 4096 x 2160p @ 60Hz
- 1x 4K DP + 1x 4K HDMI display @ 60Hz

Connect to a single 5K display using two DP ports.

60W Power Delivery

Using a single cable, the dock powers and charges your laptop as you work with 60W PD for faster charging, using the 135W power adapter.

Easy and Convenient Setup

For fast setup right out of the box, the combo cable (USB-C with attached USB-A adapter) lets you connect any laptop. The dock has mounting holes for workstation mounting (bracket not included).

The Connections You Need

Connect your devices with four USB 3.0 ports: 1x USB-C and 3x USB-A. Fast-charge your USB-C or USB-A smartphone. The dock provides a GbE port (PXE Boot support) and 3.5 mm 4-position headset audio jack. It also includes a security lock slot (K-slot) to protect against theft.

For more installation flexibility, you can use StarTech.com mounting brackets (SSPMSUDWM & SSPMSVESA) that are specifically designed for our docks and hubs, to mount your TB3 dock to a desk, wall, or other surfaces to give you the customized setup you need.

DK30C2DPPD is backed by a StarTech.com 3-year warranty and free lifetime technical support.

Special Notes / Requirements	Note	Not all USB-C ports support the full functionality of the USB Type-C standard. Ensure that your host USB-C port supports USB Power Delivery and DP alt mode.
		4K resolution is supported on all 4 video ports. A 4K-capable DisplayPort or HDMI display is required to achieve 4Kx2K resolutions
		If connected to a USB 2.0 host port, or if using a USB 2.0 host connection cable, performance may be limited (USB 3.0 host cable included)
		USB 3.0 is also known as USB 3.1 Gen 1; this connectivity standard offers speeds up to 5Gbps
		5K resolution is supported by connecting the two DisplayPort video ports to a single 5K display. A 5K-capable display is required to achieve 5K (5120 x 2880 60Hz) resolutions
		The dock connects to the USB Type-C port or the USB Type-A port on your laptop.
